

## REFERENDUM OF FARMERS ON AGRICULTURAL PROBLEM

### AMERICAN FARM BUREAU MEMBERS WILL BE ASKED TO GIVE VIEWS

(United Press)

St. Paul, May 17—Farmers of the nation are to launch a referendum on the agricultural problem facing congress.

Two million farm members of the American Farm Bureau federation are expected to answer fifteen questions on current subjects.

One of the chief objects of the referendum is to compile data on freight rates as affecting the farmer. An attempt will be made to take from \$50,000,000 to \$100,000,000 off freight rate tolls collected annually by the railroads according to farm bureau federations. The questionnaires are expected to show that millions of tons of farm produce is piled up, farmers being unwilling to ship under the high freight rates. It includes proposals to make short selling of farm produce illegal, to continue the excess profits tax, enact sales tax and put big industries under regulation of the United States department of agriculture.

Other proposals are the construction of farm to market highways in preference to transcontinental pleasure highways, the completion of the Great Lakes-St. Lawrence waterway, enactment of "truth in fabric" legislation, classification by federal reserve banks of all loans on the basis of priority of basic productions of all kinds and development of the rural credit system.

The referendum will be conducted throughout the nation. In Minnesota there will be one thousand townships and counties caucused for debate on the question promulgated.

### Progressives in Senate Will Fight Appointments

(By United Press)

May 17—The struggle within the republican party between progressives and the standpat wings may be brought to a settlement in the fight made in the senate confirmation of F. A. Linney, President Harding's nominee for United States district attorney for West North Carolina.

Progressive leaders today regard the Linney case to be of utmost importance in determining just how strong the progressives are in their own party. Borah, Johnson, Kenyon and other progressives intend, they said, to make a finish fight on Linney.

They don't want him confirmed, because, it is alleged, as chairman of the republican state committee, he became a party to an understanding that negroes were to be eliminated from politics in spite of the constitution and laws.

Further, the progressive contend, Linney was in part responsible for the switch of some North Carolina delegates in the republican national convention at Chicago away from Johnson after he won the presidential preference in the primaries in North Carolina. They will fight him on that ground.

### Senate Committee Favorably Reports Nomination

Washington, May 17—A favorable report on the nomination of David H. Blair to be commissioner of internal revenue was ordered today by the senate finance committee.

The fight on Blair was started by Senator Johnson of California, who declared Blair, a delegate from North Carolina at the Chicago convention, failed to support Johnson as instructed by the state primary. Johnson also said Blair's father-in-law had claims pending before the internal revenue bureau.

### Minnesota Plasterer Knocks Out Goulard

(United Press)

Philadelphia, Pa., May 17—Fred Fulton, Minnesota plasterer, knocked out Jack Goulard of Los Angeles in the second round of a scheduled eight round bout last night. Goulard subbed for Homer Smith who backed out of the bout.

## RUINS DOT SOUTH IRELAND TODAY

### AFTER AN ORGY OF VIOLENCE, IN WHICH 36 LIVES WERE LOST

(United Press)

London, May 25—Smoldering ruins dotted southern Ireland, memorials of an orgy of violence in which 36 lives were lost.

Up to last night there were thirty-three dead, mostly soldiers and police. The three additional were prisoners shot when attempting to escape after their capture by a raiding party.

Reprisals followed on the Sinn Fein outbreak. Every ambush was answered by a raid. Families suspected of being Sinn Fein sympathizers were given one hour's notice to remove their valuables after which their homes were fired.

### Minnesota Boy Will Drive In Big Automobile Race

(United Press)

Indianapolis, May 17—A young man who followed the plow horse in slow strides on the farm near Crookston, Minn., five years ago, will try to make a record on the Indianapolis motor speedway. The young man is Julius Ellingboe, whom race promoters picked up from the farm and developed him into a king of the dirt track. Now Ellingboe is seeking to take the crown in the greatest automobile race of the times—the five hundred mile international sweepstakes two weeks hence.

He flashed around the two and one-half mile brick oval yesterday and made a trial spin of 101½ miles in an hour and the time for the one and one-half mile trip was one minute and twenty-nine seconds flat. This is two-fifths of a second slower than the trial record.

Ellingboe had a car entered for the race last year but could not get ready in time and was unable to start. This year he will drive a Frontenac.

### Germans Refuse to Give Up Bergdoll

(By United Press)

Washington, May 17—German authorities at Baden have directly refused to hand over Grover Cleveland Bergdoll, army slacker, to the American army of occupation. Major Wm. W. Hicks of the military intelligence committee testified today before the Bergdoll investigating committee.

### Old Minneapolitan Dies

(By United Press)

Minneapolis, May 17—George A. Brackett, 84 years old, one of the most picturesque of Minnesota's pioneers, died today at his home here. He had been ill for several days. He came to the village of St. Anthony, the site of Minneapolis, in 1857. He was elected mayor in 1873.

## FURTHER TROUBLE FEARED IN HILLS OF WEST VIRGINIA

### GOVERNOR OF WEST VIRGINIA ASKS PRESIDENT TO PROCLAIM MARTIAL LAW

(By United Press)

Williamson, W. Va., May 17—Fears of further trouble were felt today following comparative two days' peace in the industrial warfare in the hill country east of here.

A brief exchange of shots at Rowley last night served to maintain the tenseness which broke into a three day bullet fight between striking miners and company employees last Thursday.

Factions on both sides were still posted at advantageous points in the West Virginia hills ready to rake the opposite mountain side with machine gun fire at the sign of renewed hostilities. Ammunition supplies are being replenished and depleted stocks of food restored.

### Consider Proclamation of Martial Law

Washington, May 17—Secretary of War Weeks conferred with President Harding at the cabinet meeting on the question of whether martial law should be proclaimed in West Virginia and Kentucky to quell the coal miners fight there.

Weeks took to the White House a telegram from Governor Morgan, of West Virginia, and Governor Morrow, of Kentucky making a last minute appeal for the declaration of martial law.

### Harding Opposed to Use of Troops

Washington, May 17—President Harding is standing pat against the use of federal troops in the West Virginia mine strike situation despite pressure from state officials.

The cabinet considered the appeals of Governors Morrow of Kentucky and Morgan of West Virginia for troops and appeared today to be firmly behind Harding. The president is reluctant to use federal troops until he is convinced that the state authorities are powerless to deal with the situation, it was understood. He does not consider the army should be used as a police force in local disturbances. It is understood Harding will send communications to the governors this afternoon outlining his opinion.

### Jap Strikers and the Police Fight Battle

(By United Press)

Honolulu, May 17—Nine hundred striking electrical workers and two hundred Japanese police fought a pitched battle at Ohaka, Japan, according to a Tokyo dispatch to Japanese newspapers published here.

Twenty strikers and fourteen police were injured in the fight the dispatch said.

The workers called the strike, it was stated, in an effort to force employers to negotiate on wages and working conditions.

### Sinn Feiners Repulsed By Guard Summoned by Wire

(United Press)

Dublin, May 17—Summoned by a S. O. S. call from the Kingston cable wireless station, re-enforcements were hurried there and repulsed a Sinn Fein attack last night.

The small guard at the plant was overpowered by a sudden rush of Sinn Feiners but the operator managed to flash a distress call.

Tumbling into their small boats the men equipped with rifles and helmets hurried across the bay to the station and repulsed the attack.

### Foreign Trade Has Dropped 50 Per Cent

(By United Press)

Washington, May 17—American foreign trade has dropped more than fifty per cent in the last six months, Herbert Hoover, secretary of commerce, has informed the house appropriation committee. Hoover also informed the congressmen that at the present rate this country produces oil he estimated it would last only from 18 to 20 years.

### Chicago Kids Steal Films; Form Company

(By United Press)

Chicago, May 17—The "S" Film company had gone blooey today. The company had placarded the city offering to rent the best six reel thrillers from 25 cents to one dollar a day. These usually cost five hundred dollars a day.

Leo Kardelasinski, eleven years old, the president of the company, was arrested. He told how he did it:

"Me and the kids used to visit film joints and steal celluloid. Then list them at professional rates."

President Lesseman, of the film company from which they were stolen, offered a job to President Kardelasinski of the "S" Film company, but the latter did not take the job.

## MRS. BERGDOLL GIVEN ONE YEAR PRISON SENTENCE

### FOR ASSISTING THE NOTORIOUS SLACKER TO ESCAPE—OTHERS ARE SENTENCED

(By United Press)

Philadelphia, Pa., May 17—Mrs. Emma C. Bergdoll, mother of the two slacker brothers, today was sentenced to serve one year and one day in jail for assisting them to escape, with the proviso that if she pays a fine of \$7,000 before June 13 the prison sentence will be suspended.

Chas. Braun and James E. Romig, accused jointly with Mrs. Bergdoll, were given the same sentence. The sentences are to be served in Atlanta penitentiary.

Harry S. Shuh and Albert Mitchell, the other two defendants, were sentenced to six months in the Mercer county jail at Trenton, N. J., and fined \$1,000 each. There was also a provision in the case of Shuh and Mitchell that if the finest are paid before June 13 the prison sentence will be suspended.

## "U" REGENTS WILL SPEED \$3,700,000 BUILDING PROGRAM

### MEMBERS WILL MEET CONTROL BOARD TO PREPARE FOR IMMEDIATE ACTION

Minneapolis, May 17—Proposals to take care of the urgent building needs at the University of Minnesota without further delay will be taken up at a conference tomorrow between members of the board of regents and the state board of control, which has supervision of all university building contracts.

Action of the recent legislature makes it possible to speed up the 10 year building program adopted in 1919 and use the money immediately. This means some \$3,700,000 made available for erection and equipment of buildings.

Coupled with the alumni project of a \$2,000,000 fund raised by subscription, to provide a new auditorium, stadium and gymnasium for the institution, the plans are full of promise for development to meet the needs of the fast growing institution. The alumni committee launched Saturday night is preparing the campaign for the \$2,000,000 fund and the spirit manifested is an earnest of success.

### Factory Occupation Failed in Uprising

By CARL D. GROAT

(United Press Staff Correspondent)

Berlin—(By Mail)—Communist efforts to copy the Italian occupation of factories proved a miserable failure in the recent German red uprisings.

The most persistent of all occupations was at Leuna, where the Badische Soda and Aniline company operate a plant for extracting nitrogen from the air. Here the workers—that is about one-fifth of them—succeeded in holding on a week, increasing their meager supply of arms by raids against outlying posts of the "green police."

But in the case of Leuna, as elsewhere, all the glory of proletarian administration went up in a bubble as soon as the police took a hand. They hesitated nearly a week, apparently heeding to some extent the workers' threats to destroy important parts of the plant if the police intervened.

But their task was simple. They quickly routed the workers, and scattered the ragamuffin army, drilled under the "red Ludendorff"—a man called Paul, belonging to the Bandit Max Hoelz's gang.

The Leuna workers thought the millennium had come when they occupied the plant. They foresaw a regime of proletarian control of plants throughout Germany. But they wilted like dew before the sun when force was used against them.

Stormings of Berlin plants were easily subdued. In some mid-German towns there were occupations but all were shortlived. This was due largely to the fact that the movement was distinctly a small minority affair.

### Police Woman Will Resign, No Excitement

(United Press)

Jackson, Wyoming, May 17—Pearl Williams, Jackson's pretty 22-year-old feminine city marshal, is going to resign. This she confided to the United Press. The town is so quiet that an officer of the peace is not necessary, Miss Williams said.

Miss Williams was recently re-elected to her office with other women municipal officers of Jackson a few days ago.

"I did not make a single arrest during the year I was acting as marshal," said Miss Williams. "The town is so quiet there is no use for a police woman so I am going to resign."

### Shoe Companies Consolidate

(By United Press)

Boston, May 17—The merger of two of the largest companies in the shoe interests, the International St. Louis company, of St. Louis, and W. H. McElwain company of Boston, was announced here today. Combined assets of the merger companies total approximately \$40,000,000.

## BANDITS HOLD UP DANCE PARTY

### AND COLLECT \$10,000 IN LOOT FROM THE SEVENTY-FIVE DANCERS

(United Press)

Chicago, May 17—Seventy-five dancers at a dancing party paid the piper here early today to the tune of \$10,000.

Five bandits with guns entered and interrupted the orchestra din in the Roman Inn, backed the dancers up against the wall and took from them \$10,000 in money and jewelry.

Max Brown, one of the proprietors, was hit on the head and bound. Rings, vanity cases, purses, furs and other valuables were tossed in the pot on the center of the floor. The bandits escaped in an automobile.

### Actress Says Husband Was An 'Indian Giver'

(By United Press)

Chicago, May 17—"Peggy" Joyce, pretty show girl, had a few choice things to say about her third millionaire husband in a cross bill she filed in answer to the annulment suit of J. Stanley Joyce.

In the bill "Peggy" calls her husband an "Indian giver," inasmuch as he wants back the presents he lavished on her during their courtship. Joyce, according to "Peggy," said it with the check book during their courtship days, when she was the wife of Philbrook Hopkins, a Washington attorney.

Wants \$10,000 a Month Alimony "Peggy" asked that she be allowed \$10,000 a month temporary alimony and \$100,000 for attorneys' fees.

Weymouth Kirkland, attorney for the actress, declared the amount asked for was small in view of the income of more than \$100,000 a year which he charged Joyce received.

The \$100,000 attorneys' fees were necessary because in his petition Joyce's allegations cover Europe as well as America and it would be necessary to gather witnesses over a wide territory attorneys claim.

The date for the hearing on the temporary alimony was set for May 25.

### Shopmen Meet to Draft Demands on Railroads

St. Paul, May 17—Northwest representatives of the Federated Shop Crafts, opened a four-day meeting here yesterday to formulate demands regarding working conditions and hours which will be presented to the railroads in this territory next Thursday.

Shopmen employed on the following lines are represented: Spokane, Portland & Seattle; Northern Pacific; Great Northern; Minneapolis, St. Paul & Sault Ste. Marie; Minneapolis & St. Louis; Duluth & Iron Range, and Duluth, Missabe & Northern.

It was announced that the union demands will not be made public until after they have been presented to the railroads Thursday.

## FRENCH GOV'T. DESIRES HARMONY WITH ENGLISH

### ON THE UPPER SILESIAN CONTROVERSY—WILLING TO EFFECT COMPROMISE

WEBB MILLER,

(United Press Staff Correspondent)

Paris, May 17—The French government today indicated, semi-officially, a desire to restore harmony with Great Britain.

While Premier Briand met with his cabinet to give his views on the solution of the Upper Silesian situation, he would not abandon his support of a partition which will give the bulk of the coal lands to Poland. It was indicated he would be willing to compromise.

Indications were that the government will show its readiness to agree with Great Britain on the awarding of several cities to Germany, canceling the plan to give them all to Poland.

It was indicated Italy may be asked to suggest a plan of partitioning which can be accepted by her allies without loss of dignity.

### 100 Poles Killed by Germans

Oppeln, Upper Silesia, May 17—More than one hundred Polish insurgents were killed by German irregulars at Gogolin, where Germany assumed full control today. German losses were small. The engagement was bitterly fought.

Polish snipers used machine guns and rifles on the Germans who sauntered into cities from the open country.

The engagement was one of the most important of a number of skirmishes between the two forces in conjunction with the Italians.

### Poles Threaten Extinction of Germans If Attacked

Oppeln, Upper Silesia, May 17—"If the Germans attack in Upper Silesia they will be fearfully murdered. People will use axes and anything to defend themselves," Chief Wolney, of the Polish plebiscite commission announced today.

Wolney bore out the statement of other Polish leaders that they hope for a German attack.

German residents of the insurgent territory counseled their people to forbearance if they hope to avoid massacre.

### Women Jurors To Try Affinity Slayer

(United Press)

Chicago, May 17—The date of the trial of Mrs. Cora Orthwein, pretty affinity slayer, charged with killing Herbert C. Ziegler, Goodyear Tire & Rubber Co. executive, will be set today.

Mrs. Orthwein is to appear in court in company with her attorney, Ben Short. The defendant, who is charged with manslaughter, was well-known in Chicago's night life before the tragedy. Her luxurious apartment on the "Gold Coast" was the frequent scene of many gay parties.

Following the death of Ziegler, Mrs. Orthwein told police, "I loved Herb, and I killed him."

She will ask freedom on the grounds of self-defense, claiming that Ziegler, in a drunken frenzy, broke into her apartment after she left him at a drinking party in a cabaret.

The state charged she killed Ziegler after he told her that he was going back to his family and give up the old life.

Prosecuting Attorney Heth announced that he will attempt to get a woman jury to try Mrs. Orthwein. "Men juries always acquit affinity slayers," said Heth. "I am anxious to see what the reaction of a woman jury would be."

### Police Try to Find the Murderer of Small Boy

Detroit, Mich., May 17—Police were putting Mrs. Laura Lewen through the third degree today in an effort to fix the blame for kidnapping and murder of Max Ernest, six years old. Max was taken from among his playmates by a woman in an automobile a week ago. His body was found under a bush in a field last night. Mrs. Lewen has been identified as the woman in the automobile by several of the playmates of Max.

## Don't Prod Your Liver to Action

NE Overcomes Biliouness, Constipation, Sick Headache, Quickly. No Griping or Pain. Guaranteed.

The organs of digestion, assimilation and elimination—the stomach, liver and bowels—are closely allied, and the proper action of any of these organs is largely dependent upon the correct functioning of all the others. "Whipping" your liver into action with calomel or forcing your bowels with irritating laxatives or strong cathartics is a great mistake. A better, safer plan is strengthening and toning the whole digestive and eliminative system with Nature's Remedy (NR Tablets), which not only brings immediate relief, but genuine and lasting benefit. It acts on the stomach, liver, bowels and kidneys, improves digestion and assimilation, overcomes biliousness, corrects constipation and quickly relieves sick headache. Get your system thoroughly cleaned and purified for once; stomach, liver and bowels working together in vigorous harmony, and you will not have to take medicine every day—just take one NR Tablet occasionally to keep your system in good condition and always feel your best. Remember it is easier and cheaper to keep well than it is to get well. Get a 50c box and try it with the understanding that it must give you greater relief and benefit than any bowel or liver medicine you ever used or no pay. Nature's Remedy (NR Tablets) is sold, guaranteed and recommended by your druggist.

## MILK ORDINANCE FINALLY PASSED

Some Discussion Resulted as to Whether Small Dairymen Subject to All its Provisions

### OAK STREET PAVING ACTION Naming of Fire Drivers Deferred. Bank Deposits Referred to Committee

All members of the council were present at Monday evening's session.

#### Memorial Day

F. R. N. Anderson spoke on Memorial Day requests. As a member of the committee having in charge the observance of that day, he asked that the streets be cleared from 8:45 a. m. to 9:30 a. m. o'clock to permit the formation of the parade. He extended an invitation to the city council to take part. On motion of Aldermen Anderson, seconded by Alderman Cordes, carried, the motion carried granting the requests.

Alderman Michael commented on the school children taking part in the services as bringing out patriotism and loyalty and his remarks were concurred in by Aldermen Cordes and Holmstrom.

#### Milk Ordinance

The milk ordinance was adopted, all members of the council voting aye.

Mayor F. E. Little brought up the specific case of citizens owning six cows or less and wanted to know if it would be necessary to build milk houses, etc., as provided for in the ordinance, when all other sanitary conditions were complied with.

Alderman Anderson brought up the matter of general pasturage and the fact that cows not tuberculin tested may be herded with others who have passed the test.

Alderman Michael spoke on the problem of framing an ordinance which would meet all conditions.

Several citizens spoke on the milk ordinance.

Alderman Michael said the health of the community was paramount. The idea of the milk ordinance was not to hurt the small dealer, but to improve the quality of milk and sanitary conditions.

#### Traffic Posts

Alderman Cordes presented the matter of erecting traffic posts and read specifications. Mayor F. E. Little questioned the expense. Alderman Cordes explained the structure of the posts.

City Attorney Fullerton spoke on the liability of the city for damages in case lights on these posts failed to function.

On motion of Aldermen Anderson and Holmstrom, carried, the matter was referred to the city attorney, and proper committees.

#### White Park

R. R. Wise formally presented to the council the deed of Almond A. White and wife, wherein they conveyed to the city "White Park", located on the bank of the river south of Laurel street. On motion of Aldermen Anderson and Cordes, carried, the council gave a vote of thanks to the donors for their generosity.

#### The Undraitis Suit

Alderman Lyons brought up the matter of the judgment of Mrs. Katherine Undraitis against the city. City Attorney Fullerton spoke about the case and the costs of appealing if such steps were taken. On motion of Alderman Michael and Cordes, carried, the matter was left with the city attorney.

#### Truck Drivers

Alderman Anderson brought up the matter of truck driver, and their appointment was deferred to a later meeting.

Joseph Hebert was given permission to locate a barber pole.

#### Street Opening

Alderman Anderson brought up the matter of opening 16th street at Rosewood and a committee of citizens urged the improvement be made. On motion of Aldermen Anderson and Bukowski, carried, the street committee is to investigate the matter with the city attorney next Monday afternoon at 5 o'clock.

#### Removing Warehouse

The old storage house of the city occupying a section of South Fifth street near the tracks is to be removed as soon as a new location is found. On motion of Aldermen Anderson and Holmstrom, carried, the matter was referred to the city engineer, city attorney and street committee.

#### Time of Meetings

Accurate account is to be kept of time of opening and closing meetings and hour of arrival of late members.

#### Change of Road

Andy Wesley brought up changing

route of road on Water street between Maple and South Third.

#### State Highway

On motion of Aldermen Michael and Anderson, carried, South Sixth street was designated state highway to get the benefit of the Babcock law.

#### Band Concerts

On motion of Aldermen Michael and Koop, carried, the city is to enter into a contract for band music to be furnished by the Brainerd Municipal band. The concerts will rotate in the various wards, aldermen of such wards to look after arrangements, as carried in the motion made by Aldermen Lyons and Cordes.

#### Improvements

City jail bedding is to be improved, various sections of the city are in need of new walks, a culvert at south-east Norwood needs repairs etc.

The sidewalks are needed in sections of block 194, 190 and 54.

#### Paving

On motion of Aldermen Michael and Anderson, the paving bid of Ostrand & Hallet was accepted. The paving must be finished by August 1 and a penalty is attached for non-compliance.

#### Bank Deposits

Bids were received from four banks for city deposits. The matter was referred to the finance committee for a recommendation.

#### Water and Light Board

The water and light board asked to substitute old Kalamien pipe with new cast iron pipe, in accordance with the plan recommended by L. P. Wolff, consulting engineer, which means 8 inch on sections of South Fifth street and 6 inch on South 8th street. The request was granted.

#### Connecting Up Paving

The council approved the plan of the county board in connecting up paving of Oak street between 10th and 11th streets, crossing the St. Paul tracks of the Northern Pacific railway.

#### Committees

President J. H. Strickler announced the committees he had appointed and made recommendations which the county board in connecting up are taken up in tomorrow's paper.

#### Presbyterian Ladies' Aid

The Presbyterian Ladies' Aid society will be entertained on Wednesday afternoon by Mrs. Weisz and Mrs. Jackson at the home of the latter, 704 North 7th street. Members and visitors are cordially welcome.

The Ladies Aid society of the People's Congregational church will be entertained in the church parlors on Wednesday afternoon by Mrs. Henry Stein and Mrs. Peter Norquist. A large attendance is desired.

#### Artificial Pearls.

The familiar artificial pearls of commerce are globules of glass lined with a substance derived from the scales of a fish called the bleak. It is to this substance that the iridescence of the scales of many species of fish is due.

#### Many Missing.

Every year no fewer than 30,000 persons are reported missing in London alone. Some of them are never seen nor heard of again; others, after weeks or months of absence, return and take up the threads of their former life as if they had never left it.—Brooklyn Eagle.

#### No Real Excuse for Moods.

Many mean things are done in the family, for which moods are put forward as an excuse, when moods themselves are the most inexcusable things of all. A man or woman in tolerable health has no moral right to indulge in moods.—J. G. Holland.

### Senate Will Vote

#### on Disarmament

(By United Press)

Washington, May 17—The senate is to be given an opportunity to vote on the question of an international naval disarmament conference, Senator Poindexter of Washington announced today.

Poindexter, in charge of the navy bill, said he would not raise a point of order against Senator Borah's amendment proposing a conference between the United States, Great Britain and Japan on reduction of naval armaments.

"The amendment is subject to a point of order, but I shall not raise it," Poindexter said.

"In fact I voted for the proposal last session, and I see no reason for not voting for it now."

THERE is a big difference between Calumet and all other Baking Powders.

First—You see it in the cost. Calumet is sold at a moderate price.

Then—you observe it in use. Calumet has more than the usual leavening strength, therefore less is required.

Next—you notice it in raising quality—in the evenness—lightness and texture of your bakings. They look better—finer grained.

Finally—what a difference in the taste. There is a deliciousness, a goodness that can be had in no other manner. Biscuits, pies, cakes, muffins, doughnuts—never were so tasty—so all-satisfying.

And then there is the satisfaction of knowing that Calumet is made in the World's largest, best equipped and cleanest Baking Powder Factories.

Pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. instead of 16 oz. cans. Be sure you get a pound when you want it.

#### Calumet Biscuit

Recipe  
4 cups of sifted pastry flour, 4 level teaspoons Calumet Baking Powder, 1 level teaspoon of salt, 2 rounding table-spoons of butter or lard, 1/2 cup of water. Then mix in the regular way.

PRICES OF MEAT ANIMALS  
ARE LOW.

Prices of meat animals (hogs, cattle, sheep, and fowls) to producers of the United States decreased 9 per cent from March 15 to April 15, according to a recent report issued by the department of agriculture. In the last ten years prices paid for meat animals have increased 4.5 per cent during the period from the middle of March to the middle of April. The report shows that on April 15 the index figure of prices for meat animals was about 37.9 per cent lower than a year ago; and 16.3 per cent lower than the average of the last ten years on April 15. The statisticians of the department point out that the high prices paid for meat animals during the last few years is the result of increased demand during and immediately following the war, and that the present prices are approaching those maintained during normal times preceding the war.

## OUR NEW TRADE WITH GERMANY

A statement of the National City bank discloses the fact that prior to the war we were selling Germany about \$200,000,000 worth of merchandise per annum, while the figures thus far received on our trade for the fiscal year 1921, indicates that the total of exports to Germany will reach or perhaps exceed \$400,000,000. In the nine months ending with March 1921, they were \$312,000,000, or more than to any European countries except Great Britain and France, and were running in recent months at over a million dollars a day, suggesting that the total for the twelve months ending with June 30 will probably exceed \$400,000,000 as against the high water mark of \$352,000,000 in 1913.

Three Men Confess  
To Bank Robbery

(United Press)

St. Paul, May 17—Three men were arrested here last night and confessed to robbing the State Bank of Augusta, Wis., May 1, police announced late today.  
They obtained \$2,500 from the bank and escaped in a touring car, which was recently found at Eau Claire, police said. The car contained dynamite, high powered rifles and German made bullets which were said to be the most powerful rifle bullets made. The car also contained burglar tools. It had been stolen in St. Paul.  
The men are Gust Saunders, alias Watts, Stanley Russell and Otto Forrester.  
Three other men are said to have been implicated.

## AMUSEMENTS

## At the New Park Theatre

Miss Pauline Frederick charmed a large audience at the New Park theatre last night when she made her debut in the picture, "A Slave of Vanity." Never has this great emotional actress had a vehicle which afforded her the opportunity that new pictures does. At all times Miss Frederick is convincing and her superb acting is materially aided by an extraordinarily fine cast.

"A Slave of Vanity" is the screen adaptation of the famous drama "Iris," written by Sir Arthur Wing Pinero and produced in both England and America. The story is that of a young and charming widow whose late husband left her his entire estate on the condition that she did not marry again. Fortunately or unfortunately for herself she finds that an attractive young chap, whose income is very small, has found his way into her heart.

To marry him she must sacrifice millions and her social position. She loves him but has always been used to luxury. A rich London banker is also seeking her hand. In the midst of her dilemma her fortune is swept away. Her problem becomes twofold. However, there is a happy solution and Iris (Miss Frederick) finds it. See the picture and be happy in the solution.

The Hall Room Boys in the comedy "Some Champs" reveal some of the secrets of golf and end up by pulling a new one, "catching a real live skunk." You have all the fun of watching this performance without any of the disadvantages which attend a job of this kind.

## At the Lyceum

This time Tom Mix, western star of popular pictures, is seen as a Texas Ranger in "Hands Off" a William Fox production which opened at the Lyceum theatre last night to crowded houses. He appears as a member of that great band of guardians which for years preserved law and order in the Lone Star state. William McLeod Raine wrote the story, and George E. Marshall, beside preserving all the salient points of the novel, has sprinkled in a few extra thrills here and there just for good measure in the direction. The play is a real "hummer."

"The Haunted House" comedy with Buster Keaton is absolutely a scream and the News Weekly is great. If you want to see a splendid picture program go to the Lyceum tonight.

## A Circus Coming

A comedy drama that will appeal to picture lovers of all ages is "The Little Clown," the latest Mary Miles Minter release, which comes to the Lyceum theatre tomorrow and Thursday.

Mary Miles Minter  
Realtor Pictures

All children love motion pictures, and parents may well be grateful to Realtor for the clean, wholesome stories in which they present Miss Minter.

"The Little Clown" is full, from beginning to end, of delightful comedy situations which will please the most blasé picture patron, yet which are perfectly suitable for a juvenile audience.

A real circus is used in this picture and it will be a treat for both the "kiddies" and the old folks as well.

McCREE-MOOS & CO.  
WORK IS PRAISED

Big Lake, Minn., May 16—"The best long strip of continuous paving I ever travelled over," was the verdict on the 35-mile pavement between Minneapolis and Big Lake on Minnesota Trunk Highway No. 3, volunteered by C. K. Ege, Chicago, a consulting engineer and recognized authority on road paving. Mr. Ege's work takes him into virtually every state and he inspected the pavement for his personal satisfaction.

Lieutenant Colonel Norman D. Dean, Sioux Falls, another engineer of wide experience in paving, accompanied Mr. Ege and expressed the same opinion. Neither expert offered any adverse criticism.

Charles M. Babcock, state highway commissioner, and John H. Mullen, assistant commissioner and chief highway engineer, expressed pleasure at the verdict, especially because it refutes reports to the effect that the paving was snafu up to the highest standards.

Enroute from Minneapolis to Big Lake, Mr. Ege and Colonel Dean made numerous stops for close-ups of various sections. They praised particularly the system of tiling and credited it for the unusual absence of longitudinal cracks. The reinforcing was pronounced good insurance. Exceptionally smooth, easy-riding quality was attributed to the elimination of ordinary expansion joints. Minnesota construction excels in these and other respects, the experts agreed, and other qualities made it of the highest standard.

The operations of the McCree-Moos &amp; Co.

Moos organization at Big Lake were watched with special interest because of world's records made there last year.

## OAK LAWN FARMERS CLUB BIG MEETING

Met Thursday at the Oak Lawn Town Hall, J. K. Black Presiding in Efficient Manner

### E. G. ROTH ARRANGED PROGRAM

Miss Anna Harper of "The Farmer" Spoke on How to Save Steps in the Kitchen

(Contributed by L. A. M.)  
The Oak Lawn Farmer's club met Thursday, May 12th, at the town hall at 8 o'clock p. m.

J. K. Black, the very efficient and wide-awake president was in charge. A. Austgen is secretary-treasury.

The club has been very energetic and raised a good sum of money. Part was expended for new equipment; such as oil-stove, coffee-boilers, cups, spoons and plates. One hundred and twenty-five were present.

E. G. Roth, county agent, who is a real organizer and an indefatigable worker as well as a tireless hustler, arranged a program.

Mr. Zakariassen pleased the audience with several selections from his violin.

Miss Anna Harper who is on the editorial staff of "The Farmer" gave a special talk to farm ladies, discussing ways and means by which home duties could be simplified. Miss Harper spoke at length on arranging kitchens so as to save the housewife many steps during the day, also of modern improvements in the home.

All took part in a general discussion on the best way to market the future potato crop of Crow Wing county. It was voted to hold a picnic on the next meeting, Thursday, June 9.

### COMMISSIONER MANY YEARS

John A. Erickson First Elected November 6, 1900 and Served 20 Years Thereafter

The late John A. Erickson served Crow Wing county twenty years as county commissioner from the third district which includes the fourth and fifth wards.

His first election is recalled when he was elected November 6, 1900. At that time he polled 193 votes, Pete Peterson 113, Jerome Kellher 100 and P. M. Zakariassen 86 votes.

### BRAINERD'S ODDEST STORIES TODAY

More people have gotten acquainted with their cars during this period of paying the new license fee before May 15 than at any other time in their lives. There has been a scratching for engine numbers, for serial numbers, for car weight, list prices, etc. As one man said, he had a six cylinder car but there were only 4-1/2 cylinders working. Another could not give his last year's license number as he was still traveling under the tag of 1915-1916-1917. St. Cloud is sure to put up a roar for Mike Holm forgot to list the Pan cars. However the tax is arrived at by ascertaining the list price. Every man paying the tax mentally registered a vow that he would see that his money got right to work and build some good roads.

Mothers Day idealizes mother for one day. If all the good resolutions made that day would only last through the year, and be applied in daily life. Mother, however, is expected to sacrifice that she hardly expects that and would be surprised if the hero worship lasted straight through for a year.

Some more of this 30 degree weather like that of Friday night and the coal bin will have to be filled again. However the night was no chillier than Duluth summer nights. "It's cool in Duluth" is the slogan there and it gets them summer visitors.

### Coal Bids Wanted

The Board of Education of the Brainerd School District will receive "Bids" at the office of the Secretary Louis F. Hohman 214 So. 6th St., Brainerd, Minn., up to seven o'clock P. M. Monday, May the 23rd, 1921 to furnish this Board with 300 tons or less of Screened Youghighany Lump coal, or equal, to be delivered to the various school buildings. State length of time desired to deliver said coal. Board reserves the right to reject any or all "Bids".

Secretary

## SORENSEN GOES TO REFORMATORY

Man Indicted With Dibble on Charge of Stealing Cigarets from Brainerd Grocery Co.

### BROUGHT BACK FROM MILL CITY

Confessed to Sheriff Claus A. Theorin, Sentenced by Judge Wright on Tuesday Morning

When Martin Sorenson pleaded guilty to robbery and was sentenced Tuesday morning by Judge B. F. Wright in district court, it marked the end of a long search for the culprit Sorenson. He was sentenced to an indeterminate term in the reformatory at St. Cloud.

With one James Dibble, who pleaded guilty and is now serving sentence, Sorenson was indicted on the charge of stealing cigarettes from the warehouse of the Brainerd Grocery company. When the car, carrying the contraband goods was halted by the police under the impression that the car was that of a rum runner, Sorenson leaped out and escaped.

From Brainerd he fled to the farm of his parents east of Brainerd, then walked to Fort Ripley, got an auto ride to St. Cloud, made his way to Minneapolis, fled to Aberdeen, S. D., then to the woods in Wisconsin, continually moving and never staying over two weeks in any place.

In Minneapolis he stated to detectives he had taken some fruit, Ingersoll watches and money from a store at Randolph. To Sheriff Claus A. Theorin, who brought him back from Minneapolis Monday afternoon, he confessed stealing wire auto wheels and cash from The Woodhead Motor Co. and cigarettes from the Brainerd Grocery Co. Sorenson seemed relieved when his travels came to an end at Brainerd and he was sentenced to St. Cloud reformatory.

### LUM PARK OPENED

Sunday Afternoon Brings Many Visitors to the Park, Bathing Season Opened

Lum park opened Sunday as per schedule, but the weather man was delinquent when it came to furnishing the right brand of weather. It was cold in the morning. In the afternoon it warmed up and there was quite an attendance at the park, said A. K. Gumaer, president of the park board and manager of Lum park.

Three boys had the courage to try the waters of Rice lake, rowing out in a boat and then leaping overboard. They were John Canfield, Fred Hikes and a third lad. In view of their hardihood Mr. Gumaer gave them free bathing suits and locker privileges. The refreshments stand was liberally patronized by the crowd at the park.

## WOODMEN ENTERTAIN FRIENDS FRIDAY

State Deputy Edward F. Burns Delivered an Eloquent Fraternal Address at Meeting

### COMPANY GOES TO "LYCEUM"

Views of Sanatorium of Modern Woodmen of America Are Flashing on the Screen

Modern Woodmen of America Camp, No. 2337, had open house Friday evening on the occasion of an entertainment staged for Woodmen and their wives, Royal Neighbors, and invited friends.

At the business session of the lodge eight candidates were initiated. At the social session following the speakers included State Deputy Edward F. Burns of St. Paul and Rev. R. A. Sanderson of Excelsior. J. P. Shaver, district-deputy from Long Prairie, was in attendance.

A quartet composed of A. C. Mraz, John M. Bye, Dr. A. K. Cohen and Wallace Hooker sang. Louis Johnson's orchestra gave several selections. C. Bruhn was the master of ceremonies.

At 10:30 o'clock the assemblage left Woodmen hall and convened at the Lyceum theatre where moving pictures were shown of the Modern Woodmen of America sanatorium. A lecturer explained features of the sanatorium work.

### NO GAME SUNDAY

Ft. Ripley and Brainerd Speedwells Were Idle on Sunday Afternoon

The Ft. Ripley team did not come to Brainerd on Sunday so there was no game. Ft. Ripley cancelled the game at 10:30 Sunday morning claiming the weather was too cold, but the Speedwells claim it must have been a case of cold feet, as the weather was warm enough for a game.

The Speedwell management and team regret to have this occur as there was a big crowd at the Keoring grounds in the afternoon.

## FINDING DEAD BABY NEAR BOOM LAKE

Reports were current in Brainerd that a dead baby, age about two days, was found near Boom lake, located on the south side of Brainerd. Inquiry at the coroner's office elicited the response that Dr. C. A. Nelson had not been called and knew nothing of the matter.

Inquiry by telephone of people living near Boom lake brought the information that they had heard nothing of the finding of such a body.

### Films of Rare Woods.

The growing scarcity of the more beautiful and valuable woods has made necessary the substitution of other and cheaper kinds. Thus hardly any furniture nowadays is made of solid mahogany, and interior materials have very generally taken the place of the disappearing "cabinet woods."

Indeed, high-grade lumber of any kind is now so costly as to prohibit its common use as the solid body of furniture. Manufacturers are resorting more and more to the use of veneers. Articles of furniture, ranging from tables to phonograph cases, have skeletons of cheap wood covered with a thin skin of high quality stuff.

The skin is usually not more than one-twentieth of an inch thick. A thousand board feet of lumber will produce 10,000 square feet of veneer. Thus a great economy is obtained, and the furniture produced by this method is as pretty to look at as if it were what it purports to be.

### A Bird Story.

In the early spring Mrs. Newlywed's bedroom was papered. The hangings at the windows were of Chinese towelings. It was difficult to find a pattern to harmonize, but finally a light gray with bamboo branches scattered over it was decided on. The border consists of bamboo trees with groups of brightly-colored birds darting here and there. In the early dawn the occupants of this room were startled by flutterings of wings and tiny chirpings. This continued for some time and one morning when Mrs. Newlywed went up to make her bed she found a lot of sparrows in the room perched on her dressing table and fluttering about the birds in her wall-paper border. Frequently before this she had found bird feathers scattered over the room.—Exchange.
